### School Description

Sierra Elementary School is one of sixteen schools in the Rocklin Unified School District. Sierra is the only elementary school in the district offering the International Baccalaureate Primary Years Programme, and is one of only three authorized IB/PYP schools in Northern California. Sierra Elementary serves students in kindergarten through sixth grade, with an enrollment of approximately 550. The school is located in the center of a dynamic and supportive community which expresses its values toward education through a high level of participation. Sierra Elementary School opened in 2001.

The staff of Sierra Elementary School provides an exemplary learning environment. Academic learning through the IB instructional philosophy of inquiry-based learning is the focus of the school. Commendably, the staff operates on the principle that a caring environment which fosters self-worth and individual development is the best road toward realizing such learning. The students are able to approach all facets of their learning with confidence and the assurance that this school is their home. The IB Learner Profile characteristics for behavior and learning are realized internally, leading to self-directedness and initiative. Finally, the staff welcomes the direct involvement of the community in these efforts. At Sierra Elementary School, parents and staff together are dedicated to creating a safe and orderly learning environment in which students interact positively with others and are able to develop responsibility, confidence, and self-worth while achieving their highest academic potential grounded in skills for success in the 21st century.

Parents play an important role in Sierra Elementary School through active participation and involvement in School Site Council and PTC. They share information with classes about professional lives, teach special skills, work on school and playground improvements, conduct fundraisers, and make donations. Over 200 parents and community members regularly volunteer their services in our classrooms. Sierra Elementary School has become a focal point and center for students and the community.

### Mission Statement

The highest aspiration of Sierra Elementary, an International Baccalaureate World School, is to ensure that all young people are inspired to become confident, life-long learners who thrive intellectually and are globally-minded, compassionate, and balanced. Sierra is distinguished by:

- Academic rigor through guided inquiry instruction,
- Relevant and diverse learning opportunities, and
- A nurturing and supportive environment in collaboration with parents and community.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

**School Facility Conditions and Planned Improvements (Most Recent Year)**

Sierra Elementary School is a beautiful facility built in 2001. It is aesthetically pleasing as well as being an excellent environment for student learning. It is a school of which students, staff, and parents can be proud.

Sierra has a comprehensive safety and crisis intervention plan. District wide safety inspections are done on an ongoing basis throughout the year. The school grounds are closely monitored by staff before and after school as well as the school day. The Rocklin Unified School District policy for registration of visitors is strictly adhered to with all visitors signing in before they are allowed to visit the campus. Members of our community use our facilities every afternoon and evening.

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. District maintenance ensures that the repairs necessary to keep the school sites in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

\* Science test results include CSTs, CMA, and CAPA in grades five, eight, and ten. The "Proficient or Advanced" is calculated by taking the total number of students who scored at Proficient or Advanced on the science assessment divided by the total number of students with valid scores. Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.
